1707 Barclay St
Baltimore, MD

Soft Gym (rendering) by Wickerham & Lomax

INVITING LIGHT

A PUBLIC ART PROJECT
IN BALTIMORE

Big Ass Snake (Plant)s On a Plane by Phaen Howng

Inviting Light is a public art initiative that revitalizes Baltimore's Station North Arts District with light installations and programming at five sites curated by artist Derrick Adams. The project grows out of extensive research and community consultation which identified lighting as a central way to project safety and respect for residents and local businesses in an under-invested neighborhood.
